

Recent Testimonials:

“Finally, my kids appreciate me.”

—Abigail Weary, *Mother of Thomas and Claire (ages 5 and 7)*

“Not only have we seen a complete attitude turnaround. But our kids are good at mopping the floors, cleaning the windows, and doing the laundry. Thanks Minerva Bottomley! We don't know how you did it. And we don't care. We're absolutely tickled with your results.”

—David and Marjorie Frazzle, *Parents of Barnaby, Bartle, and Benjamin (ages 3, 6, and 10)*

“Our twins had gotten so difficult to be around that most people called them the dastardly duo. We stopped getting invited places. Our friends stopped coming over. After seven days with the brilliant Minerva Bottomley, they've been an absolute delight. It's great to get our lives back!”

—Gus and Christina Kaputo, *Parents of Sam and Stephanie (5 years old)*

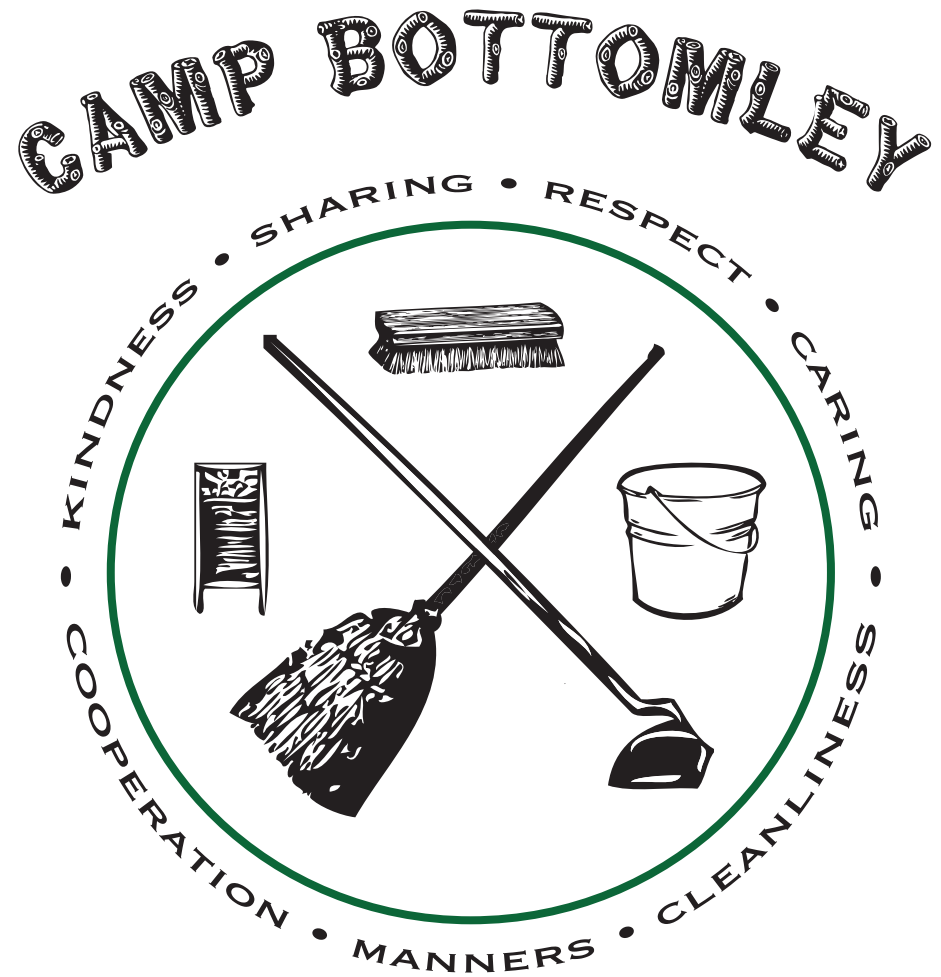

“Usually, we are thrown out of even the most “child-friendly” restaurants. After Ms. Bottomley, three complete strangers complimented our children for such mature behavior. They were seen and not heard - and only spoke when spoken to!”

—Fred and Francis Fluster, *Parents of Muffy and Fern (8 and 10)*

“My little Johnny was totally impossible. Now, he always brings his dish to the sink after meals - with a smile!”

—Martha Spent, *Mother of Johnny (7 years old)*
